Dear Darrell:

In the Spring of 2002, I was looking at options for replacing the roof on my auto body shop. A friend of mine told me about the Duro-Last Roofing System.

I must tell you I am very happy that I decided to go with the Duro-Last Roofing System. I feel I got a great deal and a better, longer lasting roof than a pitch and gravel roof, and the job was completed in 2-1/2 days.

Thank you for a great product and great service.
